

This rally began the parking lot of South Putnam Jr-Sr High School, 1780 East US Hwy 40, Greencastle, IN

## **WELCOME TO THE LATE SUMMER MARDI GRAS RALLY 8/23/2003**

**HOSTED BY: Wyatt & Jana Brummett  
Rick & Susie Booe**

**We will be driving through Putnam, Clay, Owen and Morgan Co.  
With the rally ending in Monrovia just a few miles off of I-70 for easy access  
back to Indy and other parts of the state you may come from.**

**We ask that you take notes of unique structures & any signs whether they  
be business or information, basically ALL signs that you see could be part  
of the final test at the end of the rally, there will be 17 questions to answer  
at the end of the rally. The questions will consist of dates, names,  
numbers that appear on signs that are easily observed there are no hidden  
or hard to find clues, all are out in the open and easily seen. There will also  
be 1 bonus questions that will break any ties. Any questions please ask  
any of the 4 of us before the rally starts and we'll answer best we can. And  
remember the Rallymasters are always right!**

**We'll have two recommended stops along the way. The 1<sup>st</sup> will be a  
Marathon Station with facilities approximately 1/2 through the rally. The 2<sup>nd</sup>  
stop please note there are no facilities here, is in Cataract approximately 3/4  
of the way through the rally. This is an old country store with many  
antiques and neat stuff to look at. They do have Soda and snack items if  
you so desire! BUT be sure to save room for Cajun food we'll be enjoying  
shortly, at this point in the rally you are 35 minutes or so from Monrovia  
and the restaurant.**

**The roads are mostly rural roads. Please note that a couple of connecting  
roads are short and a little rough, nothing jarring but don't get in a hurry on  
them, and they will be noticeable for the most part, they are not much more  
than a mile long.**

**There will be 2 available routes today, 1 for us hotfoots that should take  
under 3 hours it is also the long route. For those that prefer a leisurely  
cruising pace with casual stops there is a shorter route that will take you  
about 3 hours in a slow leisurely pace with a stop at the Cataract Gen.  
store! IF when you get to direction #25 and you are between 1 1/2 hours and  
2 hours you should consider taking the short course so we will all arrive at  
approximately 1:30PM at Zydecos in Monrovia They are opening a 1/2 hour  
earlier for our club. We would like everyone to finish close to the 3 hour  
mark. So please make your decisions accordingly.**

**The Brummetts and Booes hope you enjoyed the rally, these are the roads  
we drive when we can't get far away for quick weekender, and hope you  
enjoy them as much as we do!!**

## **ZOOM ZOOM ZOOM**

# Late Summer Mardi Gras Rally

8/23/2003
