# Welcome to the 2009 Edition of the Post Tax Blues Rally!

Rally Masters  
 Indy Miata Club - Sara J McBride  
 Lake Effect Miata Club - Conrad Serwatka

## The Eleven Rules of the Post Tax Blues Rally (It's better! It goes to 11!)

1. The Rally Master is always right.
2. Observe the posted speed limits. This is not a race. Enjoy the day.
3. Mileage is not given on the rally sheet. Pay attention to your directions.
4. If you get really lost, open the envelope and look at the map. Sorry, but you will lose a total of 5 points if the envelope is opened when you present it at the finish. You've been warned.
5. Neatness counts when writing down your answers. Well, it helps your Rally Master when they're checking your answers. Keep them happy.
6. Do not lose the map envelope. Do not open unless Rule #8 applies. You must present it when you check in at the finish. Points will be deducted if you do not present it.
7. If a faster car comes up behind you, be polite and at the first opportunity, let them pass. It's less irritating than having them sit on your back bumper. Be aware of traffic coming up behind you.
8. If you get really, really, hopelessly, "are we still in Indiana?" lost, call a Rally Master (cell numbers listed below). We will try to help you get back on track and will not laugh at you in front of all the others. We promise.
9. All clues are in order. If a new direction (Example: Straight at stop sign) is given, then start looking for the answer to the next clue listed.
10. Watch for sand in corners and big farm equipment. If you smash into a big tractor, they'll win every time. When you do pass them, wave and smile to thank them for letting you pass. Remember, they're working and you're having a fun day driving a cool car.
11. Remember Rule #1? The Rally Master is always right.

Ending point of the rally is Don Pablos's at 50 N. Creasy Lane. It sits on the NW corner of Creasy Lane and SR 26.
